Don't Miss The Great Pumpkin Drop!

Get ready for some high-flying, smash-worthy science! Our K-5 engineers have been hard at work designing and building protective structures for our upcoming School-Wide STEM Pumpkin Drop Challenge. Every K-5 classroom has built a custom container to protect their pumpkin from a drop straight off the school roof—with NO parachutes allowed!

Will their designs hold up under gravity, or will we end up with pumpkin puree? Come find out and cheer on our young scientists!

When: Friday, October 30th at 3:00 PM

Where: South side of the school building along Rice Street

Parking Info: Please park in the Wayzata Public Library lot, as we will be dropping the pumpkins right off the roof on that side of the school! Be sure to line up behind the safety boundary lines when you arrive. We can't wait to see you there for an afternoon of science, creativity, and Splat-acular fun!
