Dear Families,

As we look toward the future of our school, I am constantly reminded that our greatest strength is the incredible community we've built together. Every day, I see our students growing, learning, and thriving—and that is a story worth sharing.

Word-of-mouth support from our current parents is the absolute most effective way for us to reach prospective families. When a neighbor or friend sees your enthusiasm for our school, it carries a level of trust that no traditional advertisement can ever replicate. Expanding our enrollment allows us to continue enhancing our programs, investing in our facilities, and providing the best possible experience for your children.

We would be so grateful if you could take a few minutes to support our growth in three quick, impactful ways:

- **Spread the Word on Social Media:** Follow our Facebook and Instagram pages, like our posts, and hit "Share." Sharing our content introduces our vibrant school culture directly to your local network.
- **Write a Positive Google Review:** Search for our school on Google and leave a quick rating and review. A few short sentences about what your family loves most about our school helps prospective parents find us when searching online.
- **Display a Yard Sign:** Swing by the school office this week to pick up a free school yard sign! Placing one in your yard or near the street is a powerful, visible endorsement to everyone driving through our neighborhood.

Whether you take two minutes to write a review or put a sign on your lawn, your partnership directly shapes the future of our school. Thank you for your continued trust, your advocacy, and for being such a vital part of our family.
